

Project Description: Please provide a concise, yet detailed, description of the project/ program for which you are requesting grinding reimbursement funds. This description should include a statement of need and any expected outcomes. (Attach an additional page if necessary):

The City of Nashville Sanitation department offers our citizens a yard waste pickup service. The City does not have the required equipment to grind the waste into mulch. Nashville hires a contractor to come on site and mulch yearly accumulated waste into mulch. Contractor also hauls off all mulch to keep in accordance with the EPD. Nashville has no financial gain from the mulch.

Please attach an invoice(s) and copy of the check made for payment of the grinding service and any additional materials which further describe the project.
