

4. Water Main Extension

- Val Del Road to McMillan Road (~7,500 LF)

\$1,000,000

\$10,500,000

These costs are preliminary and subject to change before we submit the final application. Based on these current estimates, our recommendation is that the County be willing to match the total project cost above at 50% or \$5.25 Million.

Sincerely,

Tom H. Sloope, P.E.
