

3. Termination: In the event of termination of this Agreement by either party, the Client shall, within fifteen (15) calendar days of termination, pay the Engineer for the services rendered and fees provided in the invoice and all reimbursable expenses incurred by the Engineer, its agents and subcontractors up to the termination date in accordance with the payment provisions of this Agreement. In the event of any termination that is not the fault of the Engineer, the Client shall pay the Engineer, in addition to payment for services rendered and reimbursable costs incurred, for all expenses reasonably incurred by the Engineer in connection with the orderly termination of this Agreement, including but not limited to demobilization, to complete tasks whose value would otherwise be lost, to prepare notes as to the status of completed and uncompleted tasks, to assemble Project Materials in orderly files, reassignment of personnel, associated overhead costs and all other expenses directly resulting from the termination.

The obligation to provide further services under this Agreement may be terminated as follows:

- A. *For Cause*: Either party may terminate the Agreement for cause upon giving the other party not less than thirty (30) days written notice in the event of substantial failure by the other party to perform in accordance with the terms of this Agreement and through no fault of the terminating party.
 1. Assignment of this Agreement or transfer of the Project by either party to any other entity without prior written consent of the other party; or
 2. If, through any cause, the Engineer shall fail to fulfill in timely and proper manner any material obligations under this Agreement, or if the Engineer shall violate any of the covenants, agreements, or stipulations of this Agreement, the Client shall thereupon give written notice to the Engineer of such failure, violation or breach. If Engineer has not or cannot remedy such failure, violation or breach within thirty (30) days of the giving of such notice by the Client, the Client shall thereupon have the right to terminate this Agreement by giving written notice to the Engineer of such termination and specifying the effective date thereof, at least ten (10) days before the effective date of such termination. In such event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs and reports prepared by the Engineer under this Agreement shall, at the option of the Client subject to the requirements in Paragraph 11 herein, become its property and the Engineer shall be paid within fifteen (15) calendar days of termination for all services rendered and all reimbursable expenses incurred by the Engineer up to date of termination. Engineer shall have no liability to Client on account of such termination.
 3. Suspension of the Project or the Engineer's services by the Client for more than ninety (90) calendar days, consecutive or in the aggregate; or
 4. If Client demands that Engineer furnish or perform services contrary to Engineer's responsibilities as licensed professional; or
 5. Material changes in the conditions under which this Agreement was entered into, the Scope of Services or the nature of the Project, and the failure of the parties to reach agreement on the compensation and schedule adjustment necessitated by such changes.
 - B. *For Convenience*: Either party shall have the right to terminate this Agreement at any time for convenience and without cause upon thirty (30) days written notice.
4. Changes. The Engineer's commitment as set forth in this Agreement is based on the expectation that all of the services described in this Agreement will be provided. The Client may, from time to time, request changes in the scope of the services of the Engineer to be performed hereunder. In the event the Client elects to reduce the Engineer's Scope of Services, the Client hereby agrees to release, hold harmless, defend and indemnify the Engineer from any and all claims, damages, losses or costs associated with or arising out of such reduction in services. Such changes, including any increase or decrease in the amount of the Engineer's compensation, which are mutually agreed upon by and between the Client and the Engineer, shall be incorporated in written amendments to this Contract.
 5. Personnel: The Engineer represents that he has, or will secure at his own expense, the personnel required in performing the services under this Agreement. Such personnel shall not be employees of or have any contractual relationship with the Client. All of the services required hereunder will be performed by the Engineer or his sub-consultants under his supervision and personnel engaged in the work shall be fully qualified and shall be authorized or permitted under State and Local Law to perform such services.
 6. Reports and Information. The Engineer, at such times and in such forms as the Client may require, shall furnish the Client such periodic reports as it may request pertaining to the work or services undertaken pursuant to this Agreement, the costs and obligations incurred or to be incurred in connection therewith, and any other matters covered by this Agreement.
