- On Thursday, September 19th at 8:30 a.m., the first required public hearing to establish the millage rate will be held.

### **CITIZENS WISHING TO BE HEARD**

William Carey, 4038 Liska Circle, Valdosta, addressed the Commission regarding the lack of recycling opportunities in the community. He stated he tries to recycle plastics, but Waste Management won't accept any plastic items for recycling. The landfill is expensive to operate and a recycling opportunity for the community would offset the cost of operating the landfill. Chairman Slaughter asked Mr. Carey to stay after the meeting was adjourned, and he would speak with him some more on this topic.

### **ADJOURNMENT**

Commissioner Wisenbaker made a motion to adjourn the regular session meeting, Commissioner Evans seconded. Chairman Slaughter adjourned the meeting at 5:43 p.m.
